IN THIS CAMPAIGN IT IS NOT SO MUCH A MATTER OF MEN AS OF PRINCIPLE. SHALL A LAW-ENFORCING GOVERNOR BE SUSTAINED?

RUSSIAN LOSSES ALREADY NUMBER FIFTEEN THOUSAND

General Staff Admits That Tide of Battle for Past Two Days Has Been Against General Kuropatkin—Public Believes Rumors of a Total Rout of the Russian Army.

Mukden, Oct. 14.—5:45 p. m.—The fighting has raged today with the same bitterness as on the previous days of the engagement and the result is still in the balance.

The losses on both sides are now [illegible] that of the Russians being [illegible]

St. Petersburg, Oct. 15.—3:30 a. m.—The great feeling of concern which exists in high circles in the Russian capital by no means equals the foreboding of coming disaster prevailing the general public which is imagining in the deepest pessimist. In the absence of official news, the public is being fed on the wildest rumors of defeat suffered by General Kuropatkin today. The fact that no word regarding the battle has reached Emperor Nicholas at Tsarskoe Selo, but it had not been returned here before the war commission, which sat only until 9:30 o'clock, adjourned. The emperor himself is represented as being bitterly disappointed and spending hours with his cabinet, studying out with the help of his military aides the report of the battle. The general staff, however, by no means despair. Though admitting that the fight the last two days has been against General Kuropatkin, the general staff says the battle is not yet over, and that in any event there is no question of a rout.

The depressing feature of the situation is that every one is willing to believe the worst. The reports saying the Japanese are advancing and the Russians falling back are received with [illegible] faith. Naturally many reports are current as to the genesis of the forward movement. It is freely stated that General Kuropatkin, who found himself attacking the offensive in pressure by the authorities here. This has been officially denied, and as General Kuropatkin's order to advance was given over his own signature it seems likely that he will have to bear the responsibility whether the situation is of his own [illegible]

Friends of General Kuropatkin say the present offensive movement was inspired from St. Petersburg, and that [illegible] General Sakharoff's move, [illegible] that if Kuropatkin's star has set others [illegible] higher than he are responsible. At the same time the supporters of General Kuropatkin argue that, what ever may be the direct outcome of the past few days, the fighting has not been of such irretrievable disaster to the Russian army. It is pointed out that even if General Kuropatkin was forced to advance against his better judgment he is also said a general to have undertaken an aggressive movement which he did not feel strong enough to carry through, but while [illegible] open a road for retreat and while the Russian forward movement may be an absolute failure so far as the relief of Port Arthur is concerned and though Kuropatkin may lose many men and some guns, this is the worst that can happen. If General Kuropatkin succeeds in keeping the alignment of his forces and the dispatches indicate that he is doing this, and the Japanese do not succeed in breaking up or cutting off any considerable portion of his army he will not be in a much worse condition, even if he should be forced to retire to Mukden, than he was before the advance began.

The probabilities are that the losers on both sides will be about equal.

Dispatches from the front show a spirit of desperate obstinacy on all sides, fighting along the whole line. The Russian pluimmen have been again forced to engage in hill fighting, which is little to their liking. There have been reiterated and repeated attacks upon apparently impregnable positions which leave no question of the resolution and gallantry of the Russians. Guns have been captured and recaptured in fierce hand to hand fights, while a pitiless downpour of rain, the inevitable accompaniment of a great battle, has flooded the trenches and drenched both armies without clogging the desperate conflict.

The latest word directly from the field of battle is the Mukden dispatch to the Associated Press in which it is set that 15,000 Russians had been wounded, which, together with today's casualties, would make the total probably exceed the figures of Liao-Yang and make the fight rank as one of the bloodiest battles in history. A probable feature is the coming of thousands of wounded to Mukden. The roads and fields are covered with crippled men dragging themselves to the shelter of the hospitals, the wounded helping each other, as few able bodied men are being spared from the fighting line.

It must be borne in mind in reading the descriptions by correspondents as to the fight that some of the phases right in their point of view have already been discounted by official or later news, but taken as a whole, they present a vivid panorama of the situation at the entire front save at the extreme east where the heaviest Russian attack was planned to be delivered. From that quarter the news is less full and satisfactory, though it seems unquestionable that the Russian advance upon the main Japanese position at Benshu has been checked.

KUROPATKIN CUT OFF WITH A PORTION OF HIS FORCES

London, Oct. 15.—All accounts of the fighting south of Mukden that have reached London appear to confirm the [illegible] of the Japanese [illegible] of the only question discussed by military critics is whether General Kuropatkin will be able to make an orderly a retreat as he did after Liao-yang or whether the Japanese possess sufficient reserves to undertake a successful pursuit, in which latter case it is believed the Russians will be compelled to abandon Mukden.

In this connection the Standard's Yantai correspondent says a dispatch to a news agency from Tokio states that General Oku's army has occupied Haicheng, only 35 miles from Mukden. It is considered here, however, that the Japanese advance could hardly have reached as far as Haicheng so suddenly and probably the error arises out of the difficulty of locating places mentioned in various reports.

A dispatch from Tokio to the Standard says:

"It is officially reported that the Japanese have driven back and defeated with [illegible] the Russian forces which were attempting to relieve the Russian left wing. The Russian centre is [illegible] retreating northward. The Russian left wing, [illegible] is thereby compelled to retreat. The Japanese army is [illegible] the Russians in the direction of Mukden. The Japanese centre has occupied Haicheng, 35 miles from Mukden. The Russian losses are [illegible] 15,000 men, while the Japanese losses are [illegible] 7,000 men. Two Russian generals were killed and one was wounded. Twenty guns have been captured."

STRONG SENTIMENT FOR LAW AND ORDER EXISTS IN COUNTY DISTRICTS — SPEAKERS Given Ovation.

Special to the Gazette.

Falcon, Colo., Oct. 15.—The school house was crowded tonight to the largest and most enthusiastic crowd that has ever assembled in this town, the occasion being the opening Republican rally of the present campaign.

The speeches were on state and national lines and were heartily cheered and applauded. Hon. John B. Stephen, who represented the county in the state legislature two years ago, and is a candidate for re-election, and John E. Liddell and W. P. Pitts, were the speakers all home from Colorado Springs. Clarence P. Dodge, of that city, a democrat, for state representative, was present and took part in the meeting.

The audience was composed largely of farmers and ranchmen, many of whom traveled miles to attend the meeting.

The [illegible] which have been the Democratic "bugaboos" of the campaign, made a deep impression, and the sentiments of the speakers [illegible] were loudly applauded. [illegible] vote in local [illegible] for Governor Peabody and his law and order policy.

The [illegible] meeting in the north end of the county will take place at Monument tonight. Sheriff H. P. Grimes, Fred L. Sherwin, candidate for state representative, and J. W. Coffey will preside. The other county [illegible] Treasurer C. A. Dyer, Judge Robert Kerr, County Clerk W. E. Reed, County Superintendent of Schools E. N. Gilbert, Hon. J. H. CAREER CUT SHORT BY SUDDEN DEATH

David P. Wilder Is Attacked By Hemorrhage on Street and Expires in Few Minutes. Family Prostrated By Shock.

DAVID P. WILDER.

Whose Sudden Death on the Streets of Cripple Creek Yesterday Removed an Active Leader of the Republican Party in Colorado. He was Candidate for District Attorney of the Fourth District and was one of the Most Prominent Men of This Section in His Profession.

Special to the Gazette.

Cripple Creek, Oct. 14.—David P. Wilder, one of the most prominent attorneys of Cripple Creek and the candidate of the Republican party for district attorney of the Fourth judicial district of Colorado, died this afternoon at 1 o'clock.

In company with Ted Jones of the firm of Shepard, Ballard & Co., he was walking on Third street towards his home for lunch, when in front of the telephone building, he was seized with a violent hemorrhage, and fell to the sidewalk, dying a few minutes later.

Drs. Macrander and Dunwoody, who were a few feet in front of Mr. Wilder responded to a call from Mr. Jones and were to the sick man's assistance. They carried him into a nearby store, where death occurred in less than five minutes.

News Spread Rapidly.

News of Mr. Wilder's death spread like wildfire and friends by the hundreds gathered in little crowds about the streets and in front of the building where the body lay. Drs. Macrander and Lawrence hastened to the home on Eaton avenue to break the news to the wife and two little daughters, who were prostrated by the shock.

Expressions of the deepest sorrow were to be heard on all sides for Mr. Wilder was universally esteemed. His sudden death came as a shock, which it took the people some little time to fully realize.

Mrs. Wilder Very Ill.

Friends of the family are doing all they can to aid Mrs. Wilder, who was completely prostrated by the shock and has been under the care of two physicians all the time. Mrs. Wilder is reported as slightly improved tonight.

Mr. J. C. Lawrence, a close friend of the family has taken charge of the remains and is arranging for shipment this afternoon to attend the and mother, a brother of the deceased attorney, who lives in Chicago and requested him to notify the aged mother who still lives at the family home in Medway, Mass.

David Parsons Wilder was born at Medway, Mass., Oct. 15, 1857. His father, [illegible] was a well known lawyer, followed by Theophilus Parsons, who died in 1882 at the age of 85 years, closing a career full of [illegible] honors. Every lawyer knows Parsons on Contracts and the law book.

From Harvard Class.

David Parsons Wilder, Jr., likewise was a Harvard man, taking the three degrees of A. B., A. M., and L. L. B., at that institution and later he won an enviable reputation as a lawyer.

The son, who died yesterday, inherited his father's ability and liking for the law and followed in his father's steps. He also went to Harvard and took his A. B. degree there, with the class of 93. Then he came west. In the special department of law he was a Colorado prodigy, having taken his L. L. B. at Denver University.

In Colorado Springs.

Mr. Wilder came to Colorado Springs in 1897 and associated himself with the firm of Lunt, Brooks & Wilcox, with whom he stayed until 1899, when he went to Cripple Creek, the county seat of the new county of Teller and opened an office on his own account but remained for some time correspondent of the firm of Lunt, Brooks & Wilcox. He later associated himself in the law business with Judge E. C. Stimson, now of Denver.

While attending the University of Denver, Mr. Wilder met Miss Pearson, of Suspension Bridge, N. Y., and in 1897, at the close of his law course, she became his wife and they moved to this city. Mrs. Wilder and two daughters, Jeanette, aged 6, and Katherine, aged 5, survive him.

An Ardent Republican.

In politics Mr. Wilder was an ardent Republican. His conscientiousness and earnestness made him a power in his party and on September 12 last he was nominated for district attorney in the campaign now in progress. He was recently appointed a member of the state board of health.

While a resident of this city, Mr. Wilder made many friends and stood high socially. He was a member of the El Paso club here and of the Cripple Creek club to the last.

In his short career in public life Mr. Wilder attained to a high position because of his conscientiousness and thorough work as an advocate and because of his consideration as a citizen.

Mr. Wilder was a lawyer for the Short Line and had a large clientage of the best interests of the district. He was a prominent Mason and had insurance to the amount of $5,000 in the New York Life [illegible]

A Cure for Asthma

The worst form of Asthma in the world cannot withstand the wonderful healing power of Dr. Schiffmann's Asthma Cure. I suffered for years, until last winter the attacks became so severe that for weeks I spent half the time gasping for breath. Doctoring did not give me the least relief whatever, and I felt there was no hope for me, when a drug clerk recommended your Asthma Cure. Its effect was magical and gave me complete relief in from 2 to 5 minutes."

Sold by all druggists at 25c and $1.00 per package, or sent by the Dr. R. Schiffmann Box Co., St. Paul, Minn., for a free sample.

CUTLER TEAM AND PUEBLO

The first scrimmage of the season with the High school team will be held on the High school grounds this afternoon. Friday night the team was given some good practice in tackling and defending on punts, and in this respect is showing up well on the punts.

Marshall Jewett, who is the coach for the team, has gone to Cripple Creek but the team will be given practice for some weeks yet under "Billy" Jones. The speed quarter of the Tigers, who will be put up from practice this week, has broken most of the records made this year, and promises to be a fast one.

The team is composed of 15 players and has the chance of about twelve men to play each game.

The two teams appear to be evenly matched, and a good game is promised. Pueblo has the advantage in experience as the team is composed of the same players as that which played here last year.

Manager Bennett expects the support of the citizens under his charge and hopes to carry off the honors in the game on Friday.

The game will take place at the corner of Washington park. The Cutler grounds could not be used as the Graham Bros. are using them for practice.

HIGH SCHOOL AGAINST VICTOR

The High school opens its season with Victor High school on Washburn field at 2 o'clock this morning and [illegible] keeps in practice with the same team as has been shown in practice the last few nights. It will be the first game of the season, beginning in the fall for the pupils of Shaving Cup is expected to be a big one that promises to be interesting to the people.

What Victor claims in the way of football is not known, but reports are that there are a good many of the old players and that the club has had solid backing all the season and is a victory. When the [illegible] schools of this school of Victor were last defeated the Victor boys took the ball on the opposite [illegible] and put the ball over the goal line. The Pueblo players have been practicing on this play for some time and will have a surprise for the Victor boys.

Forrest and Lockhart will do the [illegible] for the Victor boys. The Victor boys will line up in the following manner:

[illegible] Conrad, Merrill L. B., Tuttle, Graham R. B., McRae, R. E., Wilson, C. Conrad, Merrill L. B., Tuttle, [illegible] Sutter, Allchard (c) F. B., Walter Hoover, subs.

FIRST GAME OUT OF TOWN

[illegible] the Tigers will take their first trip [illegible] Wednesday, when they will play [illegible] Victor High school. The Victor [illegible] Manager Bennett has arranged a game with Victor for Wednesday afternoon, and the Tigers will leave on the noon train. The game will be played on the Victor grounds.

"999" 10 RACE ON PUEBLO TRACK

[illegible] ALLOW IT TO BE RUN ON THE [illegible]

OFFICERS HAD TO PLACE MUFF ON MISS KILDAVEN TO TAKE HER TO DENVER

[illegible] the pretty young woman who created a sensation at Manitou Thursday by running about in her [illegible] while wearing shoes and stockings to use her own words has been taken to Denver.

Sheriff Grimes yesterday placed her in the charge of Sheriff Armstrong as she is a Denver resident, and therefore not an El Paso county charge.

The poor woman is prostrated by the [illegible] She objected strongly to going to Denver with the sheriff but the latter told her that the office keeps for such cases thus housing her handsomely and she could do nothing.

It developed yesterday that Miss Kildaven had exhibited signs of insanity about 10 days ago when she deposited $385 in the First National bank and insisted on having it counted before her attorney with whom she ran out of the bank to find M. W. Purcell has been acting as attorney for her since her arrival in this city and has been guardian of her [illegible] at her request.

At the time of the bank episode the Denver police were telephoned and Miss Kildaven's friends here were notified to come down and look after her. The Denver sheriff did this but no response was received from the relatives.

Miss Kildaven gave every evidence of [illegible] Tuesday in Denver and said that she is well connected there and that her people are well educated and of excellent standing in the community.

While at Manitou her beauty and refinement attracted much attention. She is a young woman and has evidently had little contact with the world. She dressed well and possessed accomplishments that showed she was of a family of means and had never been compelled to work. Much regret is expressed by people who met her at Manitou over her unfortunate condition.

CLAIM CITY CANNOT CONDEMN PROPERTY OF ANOTHER TOWN

Attorneys for Manitou Dispute Rights of Colorado Springs in Pipe Line Controversy. Battle Royal in Progress.

The first clash between the attorneys for Manitou and Colorado Springs in the condemnation suit brought by this city took place in the district court yesterday before Judge A. Voorhees of Pueblo who was acting as the bench for Judge Robert E. Lewis.

It came up on the demurrer of Colorado Springs to Manitou's answer and while it was not the real case it involved points which may terminate the case as far as the legal points are concerned.

City Attorney John W. Sheafer and Attorney Waterman of Wolcott, Vale & Waterman, of Denver, appeared for Colorado Springs and C. W. Bell, city attorney of Manitou and Charles J. Hughes Jr. of Denver appeared for Manitou. The contention of Manitou attorneys was that no municipality has a right to condemn the public property of another municipality without the latter's consent this right it was claimed applies only to private property. The attorneys for Colorado Springs opposed that view and it was a battle of oratory and logic which lasted until late in the evening.

At the close Judge Voorhees took the case under advisement and will render his decision in the near future. If he sustains the demurrer of this city the condemnation and the price to be paid Manitou. If he sustains Manitou the whole case will be filed in the court and will end unless the city makes an appeal to a higher court.

RETIRES AFTER LONG SERVICE

PRESENTATION OF GOLD WATCH TO MR. E. C. WILDER WAS A PLEASANT EVENT — GOES TO MINING INVESTOR.

Mr. Frank C. Wilder who for the past nine years has been telegraph editor and an editorial writer for the Gazette was last night presented with a handsome gold watch.

The watch was presented by the members of the Gazette staff including every one of Mr. Wilder's associates on the paper in the various rooms, business office, local rooms, mechanical department and news and editorial rooms every employe of the paper with the exception of the proprietors being represented.

Mr. Wilder's successor in the position of telegraph editor of the Gazette is Mr. Wilder's brother-in-law, Mr. Burrell, who has been connected with the Gazette for several years and will continue for a short time.

Mr. Wilder's resignation was tendered several weeks ago and will become effective the first of next week.

Mr. James R. Burrell made the presentation speech in the presence of the assembled employes in the business room and spoke feelingly of the recipient. Mr. Wilder was moved by the evident pride of the staff in their friendship and ability, and appears to have left the office with a sentiment for the city likewise the sheets of the gift, and silence was worn in the [illegible] connected on the Gazette but was [illegible] to pay Fields.

No matter which candidate is elected, Foley's Honey and Tar will remain the people's favorite remedy for coughs, colds and lung(s) consumption. It cures colds quickly and prevents pneumonia. A. J. Wunderm, Batesville, Ind., writes: "I suffered for three months with a severe cold. A druggist advised me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar and eight doses cured me." For sale by the Heller-Arculariu Drug Co.

TRAVEL WEST BROKE RECORD

TWENTY-FOUR SLEEPERS PASSED THROUGH CITY OVER RIO GRANDE EN ROUTE TO THE COAST YESTERDAY.

Tourist travel over the Denver and Rio Grande road yesterday broke all previous records for a single day.

Twenty-four sleepers passed through Colorado Springs on the transcontinental of the travelers, who for large numbers of the eastern points are going straight through to the coast, others to Salt Lake and Ogden.

Train No. 5 carried so many cars that it was run in two sections. Other trains were also crowded and extra cars put on. The K. C. brought forward all previous records when it pulled K. R. G. for the season's tourist car travel.

BECKER AND NOLAN SUED BY COMPANY

SHUMTLOFF STOCK-OLDER SAYS COMPANY SHOULD BE REIMBURSED FOR MONEY USED IN LITIGATION.

A suit for $9,315.80 was filed in the district court yesterday by Peter N. Cree for the Shumtloff Consolidated Gold Mining company against Jacob Becker, John Nolan and the Shumtloff Gold Mining company.

The company alleges that Becker and Nolan, who are president and secretary of the company, used the company's funds to compromise in a suit against them in the district court at Cripple Creek, and have not reimbursed the company. Mr. Cree states that the Cripple Creek suit brought by Edward Bell, involved the title to part of the property of the Shumtloff, which defendants, he says, put into the company and then sold their stock in the company. He alleges that while doing the case the company should not have to stand the expense of clearing the title to this property. The amount of the company's funds said to have been used for this purpose is $9,315.80, and Mr. McCree prays for the money for the company and for costs in the case.

"GYM" WORK FOR COLLEGE GIRLS

NEW DEPARTURE IN STUDENT LIFE AT NORMAL SCHOOL IS PROVISION WAS MADE WEDNESDAY EVENING.

The physical training of the young women in Colorado college and Cutler academy began this week.

Miss Helen Woodsmall of Nebraska university, has charge of the work. Miss Woodsmall has taught physical culture for several years in Omaha and Nebraska. She studied under Dr. Hodgman of Yale. All students are examined and measured by Miss Woodsmall and the anthropometric records are kept for comparison, so that it may be seen from time to time whether the physical condition of the student improves by the gymnasium exercises or not.

The gymnasium course in Swedish and German gymnastics, military marching work with light apparatus, such as dumbbells, clubs and wands. For the stronger, heavier apparatus work is accessible.

Miss Woodsmall will also conduct classes outside of the college.

THE NEW EMPIRE.

As usual the Empire theater was crowded again last night. The show this week is an excellent one and it well deserves the patronage it is receiving.

Hanson and Drew are top-liners in comedy. Kipper is chief in his line of juggling and he is also a clever comedian. Hanson and Wilson always get their share of applause and their musical act is far above the ordinary.

Master Charles evens is always a great favorite and this week his songs are better than ever.

The vaudeville is still as popular as ever and the auditorium is filled to overflowing every night. Today is ladies' matinee, and as on previous Saturdays it is probable that standing room will be at a premium.

SCHOLARSHIP AWARDS

SCHOOL BOARD DECIDES UPON IMPORTANT CHANGE — BATTALION, ATHLETIC AND SOCIAL NEWS OF WEEK.

It was announced yesterday morning by Principal Richards to the High school students that hereafter the Perkins scholarship prizes would take the form of [illegible] of gold [illegible]. This announcement was made in accordance with the action taken at the meeting of the school board Thursday night.

These prizes have been awarded to the boy and girl making the highest average during the four years' course in the high school, and were provided by the will of the late William S. Perkins in a scholarship fund of $2,000. The interest on this amount has amounted to $80 for each winner, but the interest has become [illegible] and it was thought that a medal would be a more suitable prize for the future.

The new ruling will take effect with the graduating class of 1905. Competition has been made for the award of the former prizes to the pupils in next year's class.

The boys of the school are now talking of a general way of organizing a basketball team this winter. As soon as the football season is over it is probable that those who [illegible] to put a team in the field. The school [illegible] [illegible] just [illegible]

PROGRESS IS SLOW BUT SURE

DUN FINDS MUCH ENCOURAGEMENT IN RECENT INDUSTRIAL AND FINANCIAL CONDITIONS.

New York, Oct. 15.—R. G. Dun & Co.'s weekly review of trade tomorrow will say:

Progress is slow but sure in the leading branches of manufacture, contracts being more readily placed for distant delivery, while the percentage of machinery now idle is less. News from steel and iron centers tends to strengthen confidence elsewhere, as the consumption of iron has been found a good barometer of business conditions. Jobbing and wholesale trade in fall and winter wearing apparel expands gradually, and spring lines are as satisfactory as could be expected. At many points the return of warm weather checked the festival of retail trade in heavy goods, but as that movement had begun much earlier than usual, the net result thus far is better than last year. Building operations have accelerated at some cities, being noteworthy for the month of September, and permits recently issued promise well for the future. Labor is fairly well employed, according to the latest official trades union reports, although the Fall River strike has lasted longer than expected.

Failures occurring in the first week of September were 8.8 per cent larger than in 1903. Raw wool is in good demand at full prices. Recent large purchases of Ridge-established prices in a firm position, and are followed by less activity.

Failures this week were 215 in the United States, against 208 last year, and in Canada 32, compared with 34 a year ago.

CONNAUGHT HAD NARROW ESCAPE

BROTHER OF KING EDWARD RECEIVED PAINFUL INJURIES IN MOTOR CAR ACCIDENT NEAR EDINBURGH.

Edinburgh, Oct. 15.—The Duke of Connaught, brother of King Edward, while driving in a motor car from Edinburgh to Gosford house, the seat of the Earl of Wemyss, had a narrow escape from death and suffered painful injuries, from which he was for a time unconscious.

The duke, in company with his aide de camp, Major Murray, in passing a street car collided with a cart. The overhanging portion of the cart struck the rear part of the automobile and literally carried away that section of the vehicle. The duke was thrown out with great force. As soon as the automobile could be stopped Major Murray went to the aid of the duke whom he found unconscious and bleeding from wounds about the head. A second automobile carrying members of the duke's suite came up and the duke was taken back to Edinburgh in it. By the time the automobile reached Edinburgh the duke had recovered and was able to walk into his hotel. After two stitches were taken in his ear and his hurts had been examined by physicians, it was announced that the duke would suffer no serious consequences, but had received a severe shaking up and shock. Major Murray was not hurt.

DENVER MAN WAS INJURED IN A WRECK.

Chicago, Oct. 15.—Seven people were injured last night when a passenger train on the Baltimore and Ohio collided with the rear of a freight train on West Metropolis road at Seventy-fifth street. None of the injured were seriously hurt.

J. J. Ames, of Denver, was cut on the face.

HAYTIAN MINISTER DENIES REPORTS OF REVOLUTION.

New York, Oct. 15.—The Haytian minister to the United States tonight said to the Associated Press that the published reports of a revolution in Hayti were without foundation.

"Hayti," he said, "is perfectly quiet, and no uprising is to be feared. If there is some trouble in the Dominican republic, Hayti has nothing to do with it."

The Effective Remedy

Mr. Shelton, Iowa, April 4, 1904.

I was virtually suffocating. A heavy cold superinduced this condition and nothing I could do seemed to help me. The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 18 bottles in all I was entirely well and restored as near a woman could wish to be.

My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.

Yours truly, Jennie Root

Mrs. Root is the wife of Mr. Root, the well-known Shelton, Iowa, druggist.

WINE of CARDUI

Wine of Cardui cures nine out of every ten cases of the disorders of menstruation. These cures are permanent, whether the trouble is complicated or not.

Wine of Cardui cures the sickness of young girls, relieves the weakness of adults, banishes recurring headaches, backaches and nervousness and eases the crisis attendant on the change of life.

Thousands of mothers besides Mrs. Root's sister have found prompt relief from the pains of childbirth and only had a quick and happy recovery from it. You cannot afford to suffer when $1.00 bottles are sold by all druggists.

ACTIVITY AT BOILING POINT

TRADING TOOK ON THE APPEARANCE OF THE GREAT BULL MARKETS OF A FEW YEARS AGO—BONDS ACTIVE.

New York, Oct. 14.—The activity of the stock market reached the boiling point today, and trading took on the appearance of the great bull markets of a few years ago. It is highly probable that the sources of the buying have witnessed with the recent violent advances in the market and some outside participation may thus be represented. Large transactions were executed by single houses, buying orders for single lots running as high as 50,000 shares of various stocks. The conviction was very general also that a veteran operator and turf man who has long retreated from leading operations in the market was again conducting transactions on a large scale by very characteristic methods. The movement carried all before it from whatever sources it came or for whatever motives. Yesterday and today the number of long dormant issues which moved required constant industry to trace the former transactions in order to make proper comparisons. Standard railroad stocks were animated and practically all important shares moved forward a point or more. There were also very slight pauses in the extreme activity of the market during the day, but it was only when prices fell back slightly.

Specific news had little to do with the day's movement. Gains of 1 to 3½ points were general throughout the list and are much larger in special cases in the railroad and industrial list.

Bonds were active and firm. Total sales par value $1,850,000.

United States bonds were unchanged on call.

WHEAT STRONG AND HIGHER

KEYNOTE TO SITUATION WAS APPARENTLY THE GREAT SCARCITY OF WHEAT FOR MILLING PURPOSES.

Chicago, Oct. 14.—For the first hour sentiment in the wheat pit was inclined to weakness. At the opening the December option was unchanged to ¼c lower at 110¾ to 110¾. Then it was ½@¾c lower to ¼@½c higher at 110 to 110¾. The easier undertone at the start was due to lower cables and to liberal receipts in the northwest. On this selling of May by commission houses the market underwent a further recession, the distant delivery declining to 109¾. December also reacted to 109¾. At the same time, however, all outside markets exhibited decided strength. The influence of these higher prices soon had an appreciable effect on trading here. A prominent commission house was a heavy purchaser of the December option. The continued buying by this concern was largely instrumental in starting active buying by the pit crowd. The keynote to the situation, however, was apparently the great scarcity of wheat for milling purposes. A statement from Minneapolis that two of the biggest elevator companies will handle from 60 to 70 per cent of the amount of wheat stored last year formed an excellent background for the general firmness.

Oats followed wheat and corn. December closed higher at 29.

Provisions of any [illegible] was the leading factor in the hog market. At the close January pork was down 12½ and lard and ribs 7½ lower.

The leading futures ranged as follows:
